

ST. LOUIS EXCITED

Cooper Stirs Up People of That City

Young Man's Medicine Has Seemingly Done All That Has Been Claimed for Them.

St. Louis, Oct. 8.—This city is at present in the midst of an excitement beyond anything that it has experienced in recent years.

Old and young, rich and poor, all seem to have become beside themselves over an individual who was a stranger to St. Louis until two weeks ago.

The man who has created all this turmoil is L. T. Cooper, President of the Cooper Medicine Co., of Dayton, Ohio, who is at present introducing his preparations in this city for the first time.

Cooper is a man about thirty years of age who has acquired a fortune within the past two years by the sale of some preparations of which he is the owner.

Reports from Eastern cities that preceded the young man here were of the most startling nature. Many of the leading doctors going so far as to state that he had nightly cured in public places, dozens of years' standing with one of his preparations. The physicians of the East contradicted this statement, claiming the thing to be impossible, but the facts seemed to bear out the statement that Cooper actually did so.

In consequence people flocked to him by thousands and his preparations sold like wildfire.

Many of these stories were regarded as fictitious in St. Louis, and until Cooper actually reached this city little attention was paid to them. Hardly had the young man arrived, however, had he begun demonstrations, as he calls them, in public, and daily met people afflicted with deafness, and with a single application of one of his preparations actually made deaf people hear again.

In addition to this work Cooper advanced the theory that stomach trouble was the foundation of nine out of ten diseases, and claimed to have a preparation that would restore the stomach to working order, and thus get rid of such troubles as rheumatism and affections of the kidneys and liver in about two weeks' time.

This statement seems to have been borne out by the remarkable results obtained through the use of this preparation, and now all St. Louis is apparently mad over the young man.

His headquarters resemble a veritable stampede. Thousands of people are visiting him each day, and the druggists are selling his medicines in enormous quantities.

What seems to make Cooper still more popular is the fact that he practices extensive charitable work, and has already dispensed a small fortune among the poor of this city.

How long the tremendous interest in Cooper will last is hard to estimate. At present there seems to be no sign of a let-up. Physicians claim it to be a fact that will die out as soon as Cooper leaves.

In justice to him, however, it must be said that he already seems to have accomplished a great deal for the sick of this city with his preparations.

There is a box at the opera and one at the show.

But the one I like best, I'd have you know,

Is filled with Donofrio's Crystallized Cactus Candy.

Loans Negotiated

In any amount, without delay, on improved ranches, with liberal provisions as to repayments.

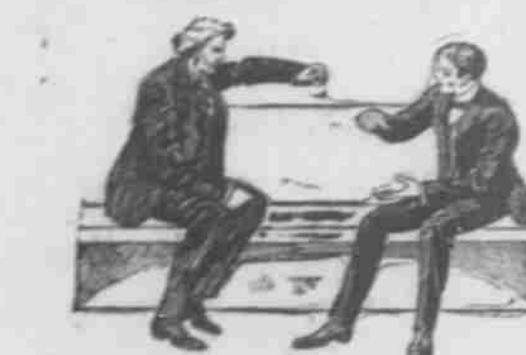

If you desire to borrow, or have an existing mortgage taken up and extended, please call and let me explain my client's plans and terms. If necessary, I can come to your ranch and talk the matter over.

Our installment feature has always been popular with farmers who want to reduce their debt each year and save interest and, incidentally, commissions for renewals.

I have placed in past six months about \$100,000. My client wants me to lend for him \$100,000 additional in the next three months.

McGee, and the nominee for members of the board of supervisors are P. A. Adams and Manuel Ramirez.

At the democratic convention Thos. F. Weedin was nominated for the council and J. L. Coleman and F. A. Chamberlain for the assembly. J. G. Keating was nominated for sheriff and Thos. N. Willis and F. The stalemate feature was not lost sight of and strong anti-jointure resolutions were adopted in both conventions. He predicts that Pinal county, will, without a doubt, win the Joe Dillon banner for casting the greatest number of votes against jointure in proportion to its population of any county in the territory.
